Maseru's 2006 MPP goal Democratic Systems and Practices seeks to
promote greater participation and leadership by women in
politics, business and society as leaders. Post objectives are
to provide women in Lesotho the capacity and opportunity to
participate in decision making, to empower them through training
and involve them in the economic development of the country. As
a very successful entrepreneur, Ms. Monkhi will benefit greatly
from the program and bring back skills that will benefit women.
She is an active mentor for young Basotho women interested in
entering business.
